**NOTES TO OUR MEMBERS:**

We hope to continue expanding the overheads, concrete pad and safety baffle system on the rifle range when our monetary situation will allow these safety improvements to happen. Keeping expenses down during 2015 and 2016 should give us the necessary funds to continue updating our safety measures. The new overheads and safety baffles have proven themselves to be effective and worth the expense; just take a look at the number of bullets they have stopped. Our club is proactive regarding safety and the board of directors wants to keep our members and the surrounding community as safe as possible. We hope to complete the safety improvements recommended in our NRA range evaluation within this decade.

The Trap League has moved to Thursday nights for 2017. See the attached schedule for specific dates.

We thank our members for making 2016 a very safe year at our facility: But please remember - it takes all of us to preserve our ranges and keep them safe. **SAFETY IS ALWAYS FIRST AND FORMOST.**

Thank you,

Josh Nelson
